

This project was made possible by
Leslie and Greg Koczan and Elizabeth Hertel.
Thank you for all your hard work!

About Geocaching

Geocaching is a real-world, outdoor treasure hunt, "using multi-billion-dollar satellite technology to find Tupperware in the woods!" Using a GPS-enabled device, either a GPS receiver or a free geocaching app on a smartphone, cachers navigate to a specific set of GPS coordinates and then attempt to find the geocache (container or "cache") hidden at that location. To participate, you must obtain a free membership at www.geocaching.com

General Geocaching Guidelines

1. Be discreet in searching for and re-hiding the cache, taking care not to be seen by non-geocachers or "muggles".
2. Please take something ("swag") from the cache, but leave something of equal value.
3. Write about your find in the logbook inside the cache. Please leave the logbook and pencil.
4. Log your experience at geocaching.com.
5. Re-hide the cache in the same location as you found it, hiding it as well or better than found.
6. Leave only footprints behind – practice CITO (cache in/trash out)!

Disclaimer

Cache seekers assume all risks involved in seeking a cache. In no way shall we be liable.

Geocache St. Joseph County

In celebration of Indiana's 2016 Bicentennial, 15 geocaches have been placed throughout St. Joseph County near interesting historic or natural sites. Developed by Historic Preservation Commission of South Bend & St. Joseph County, in partnership with St. Joseph County Commissioners, St. Joseph County Parks, and The History Museum, our goal is to highlight interesting areas in the county, as well as to introduce new cachers to the hobby.

About Cacheport & Prizes

Each Cache contains a cacheword written on the underside of the lid. Enter this word and date into the space provided for each cache.

St. Joseph County Parks is offering seasonal coupons for those that complete all 4 County Park caches (#12, #13, #14, #15). A special prize is available for those who find all 15 caches*.

Claim all prizes by taking your completed Cacheport to the information desk at The History Museum, 808 West Washington, South Bend, Indiana, Monday-Saturday 10am-5pm or Sunday 12pm-5pm.

*Prizes are available while supplies last.
One prize per family please.

First to Find (FTF) & Travel Bug

All FTF prizes are identical; please be considerate and take only one. A Travel Bug is a Trackable that moves from place to place. We will place two Travel Bugs with a goal for both to visit all 15 caches in St. Joseph County. Try not to hold onto the bug for too long.

"This activity made possible, in part, with support from the Community Foundation of St. Joseph County's ArtsEverywhere initiative, Visit South Bend/Mishawaka, the University of Notre Dame, and St. Joseph County Chamber of Commerce."
